

MULICK PARK ELEMENTARY SCHOOL

Home of the "Cub STARS"

February 2020

Dear Parents,

With cold weather still in the forecast, students should be prepared to go outside for recess with a winter coat, hat, mittens and boots. If you are missing items, please check in the school's lost and found.

Throughout the month of February, students will continue with MAP testing. Please make sure your child is getting enough sleep, eating a good breakfast and is on time for school. All of these factors benefit your child every day!

Count Day is Wednesday, February 12. Please be sure to have your student in school to be counted. Count Day is important for our schools as this is the funding we receive to service and educate our students.

Kindly,

Thomas Standifer, Principal

LATE ARRIVALS AND EARLY DISMISSALS

When children come to school late or leave early, this disrupts the classroom learning environment, especially when students have to be called out of classrooms at the end of the day. We realize that there will be times that your student will have an appointment and we understand that. However, the habitual late arrivals and early departures are of concern. Your child's attendance is marked accordingly with tardy, late arrival, or early departure. Please help your child get to school on time and refrain from picking up early, if possible.

THANK YOU FOR YOUR COOPERATION!

HAPPY
Valentine's Day

PBIS

For the winter PBIS rotations of teaching our behavior expectations, 5th graders in Mrs. Metcalf's class undertook the responsibility and taught the rest of the school! They did an incredible job of reminding our younger students what we expect everyday!

Way to go!!
